

STAYING SAFE ON FACEBOOK

Have you ever wondered how to create a safer online space for you and/or your child?

Check out this guide on Facebook's safety tools to learn how you can protect yourself and/or your child from online harms.

Only use Facebook if you are over 13 years of age.

Use Privacy Checkup Tools

Control who can view your content, including selecting a custom audience for your post, and take steps to keep your account secure.

Learn more Facebook Privacy Tools [here](#).

Reporting Content

Anything on Facebook can be reported, including Pages, Groups, profiles, posts, photos, videos, comments and advertisements. Facebook will remove anything that goes against the [Facebook Community Standards](#).

Learn how to make a report [here](#) and check the report's status from your [Support Inbox](#).

There are tools on Facebook that help you manage your screen time, set a daily reminder when you've hit your limit, and mute notifications.

Learn more about screen time management [here](#).

Managing your time

Security Checkup Tool

Use [Facebook's Security Checkup](#) to:

- Get alerts when someone tries logging into your account from an unrecognised device
- Protect your password
- Enable two-factor authentication

Learn more about setting strong passwords [here](#).

There is a range of tools that can help you control your experience on Facebook including [Comment Controls](#), [Profanity Filter](#), [Audience Selector](#), [View As](#), [Tag Review](#), [Timeline Review](#), [Snooze](#), [Unfollow](#) and [Block](#). Learn more about these tools in the [Facebook's Help Center](#).
